

Churches

Faith is a matter of choice and we recognize that your family may have values and traditions that are very different from those held by the school. We are not suggesting you attend the below listed churches, but we offer them simply for your information if you are interested. The churches listed are ones school staff attend. If you want additional information about churches available in Penang, please get in contact with the school's Spiritual Life Director.

Churches (on north end of Georgetown)
