## COVID-19 Response Guide for Parents (updated April 22, 2022)

There is a lot of uncertainty right now in regards to COVID and the various requirements. In writing these guidelines, Dalat has taken into account information given by the Ministry of Health (MOH), Ministry of Education (MOE), and best practices of other local international schools. These guidelines are to assist parents in determining when to send their children to school and when to keep them at home.

Please remember that Dalat's priority is to keep all members of our community safe and healthy. If your child is unable to attend school, work will be made available for them to complete at home. As instructed by the MOE, Dalat will seek to keep the names of individuals diagnosed with COVID confidential.

### Important Contact Information

- Shantel Seevaratnam, Elementary Principal, [sseevaratnam@dalat.org](mailto:sseevaratnam@dalat.org)
