02 APPLYING

SCHEDULE PLACEMENT TESTING & INTERVIEW

Testing will not be scheduled unless the application is COMPLETE. As this step is very important to your child's enrollment process, please be flexible with timing and prioritize this appointment. A delay on your part may result in delayed enrollment confirmation or limited availability. The non-refundable application and testing fee must be paid on the day of testing or before.

03 TESTING & INTERVIEW

ADMISSIONS COMMITTEE DECISION

Results are not given on the day of testing and interview. Our admissions committee—principals, directors, counselors (as needed)—meets once a week during enrollment season to make a team decision. The committee does not start meeting until about 6 weeks after the semester starts.
